On December 31, 2021, the Galloway Township Police Department was dispatched to Wawa located at 241 E. White Horse Pike in Galloway for an overdose. Upon arrival, officers deployed one Nalaxone 4 mg nasal spray on Mia Dentico, who was unconscious but breathing. EMS arrived to provide

treatment to Dentico who regained consciousness. Officers found four white wax folds stamped “Perfect 10” with a blue skull in a top hat in Dentico’s right pocket of her sweatshirt. Officers also found an orange clear baggie containing a white crystal-like substance near Dentico’s right foot on the floor.

U.S. Probation Officer Action:

The probation officer admonished Dentico for her substance abuse and discussed with her a plan to avoid any further drug use. A treatment intervention with Dentico and her treatment provider was conducted, and it was determined that Dentico would benefit from a higher level of treatment. The probation officer referred her to a new provider to address Dentico’s need for substance abuse and mental health treatment at a provider in her local area. At this time, it is respectfully recommended that this document acts as a letter of reprimand for Dentico, and no further action is taken. This recommendation is based on Dentico’s need for treatment and accountability.

Respectfully submitted,

SUSAN M. SMALLEY, Chief
U.S. Probation Officer
